First Level Control Event

25-26 August 2010 – Copenhagen, Denmark

Dear Sir/Madam,

The NPP 2007-2013 is organising a special event on First Level Control in cooperation with INTERACT at the Programme Secretariats offices in Copenhagen. The purpose of the event is to inform all National Controllers about the financial claim procedure in the NPP 2007-2013.

We expect **all** appointed National Controllers to attend from the 9 programme partner countries in the NPP area: Faroe Islands, Finland, Greenland, Iceland, Ireland, Northern Ireland, Norway, Scotland and Sweden and we expect desk officers/first level controllers from all countries with centralised systems to be represented. In addition, if space is available, we welcome desk officers/first level controllers who will perform the controls in countries with decentralised systems.

As this is an event for you we would gladly receive suggestions on topics that you would like to address during this event. **Please propose topics for discussion to the Managing Authority before the 14th of May, see e-mail below.** Shortly after this date, an agenda will be distributed and registration will open on the NPP website.

The event will run from lunch to lunch on 25th August until 26th August. A more detailed programme will follow. Registration for this event will be available on the website soon, but you can already express your interest via e-mail.

We look forward to seeing you in Copenhagen!
